

Miche: We need a vision of how to structure the student union to be more involved with student affairs as this is one of the questions asked by management about our function. Additionally, we should take a look at our bylaws and create a vision.

Zenyep: During the meeting with management, they set our budget at 10'000.

Marina: We should get meetings together to discuss this.

The meeting to discuss bylaws is scheduled for 12 February. The meeting to discuss the bylaws with Alumni will be scheduled later.

Next meeting will be on the 5th of February at 1 to 1:30.
